

Easily Find Your Assigned Vehicle: A Guide to Using the Vehicle List in the Delivery App

1. Executive Summary

This guide shows you how to use the Vehicle List feature in the Delivery App. You'll learn how to quickly find your assigned vehicle, understand its status, and start your deliveries without any confusion. Using the Vehicle List helps you save time and ensures you're using the right vehicle for your assigned trips.

2. Title & Purpose

Title: Quickly Find Your Assigned Vehicle Using the Delivery App's Vehicle List

Purpose: This guide will help you quickly locate your assigned vehicle in the Delivery App and start your deliveries with confidence.

Why This Matters: Selecting the correct vehicle is crucial for accurate trip tracking and ensures that you are delivering with the vehicle assigned to you. This simple process saves you time and prevents errors.

3. Introduction

Are you tired of wasting time searching for your assigned vehicle in the Delivery App? Do you want to quickly identify your vehicle and start making deliveries?

The Vehicle List feature in the Delivery App is designed to help you easily find the vehicle that has been assigned to you. This guide will provide step-by-step instructions on how to use this feature, allowing you to start your deliveries quickly and efficiently.

Key Terms:

- **Vehicle List:** A list of all vehicles assigned to you in the Delivery App.

- **Vehicle ID:** A unique identifier for each vehicle.
- **Trip:** A delivery route assigned to a specific vehicle.

4. Main Content (User-Focused Sections)

What This Means for You

- **Save Time:** Quickly locate your assigned vehicle without having to scroll through a long list.
- **Reduce Errors:** Ensure you select the correct vehicle for your assigned trips.
- **Increase Efficiency:** Start your deliveries faster and more efficiently.

How It Works

The Vehicle List displays all the vehicles assigned to you. Each vehicle is listed with its Vehicle ID and status (e.g., Available, In Use, Offline). You can search for a specific vehicle using its ID or part of the ID. Selecting a vehicle will take you to the trip selection page for that vehicle.

Getting Started

1. **Open the Delivery App.**
2. **Navigate to the "View Vehicle List"** option in the menu.
3. **View the list** of vehicles assigned to you.

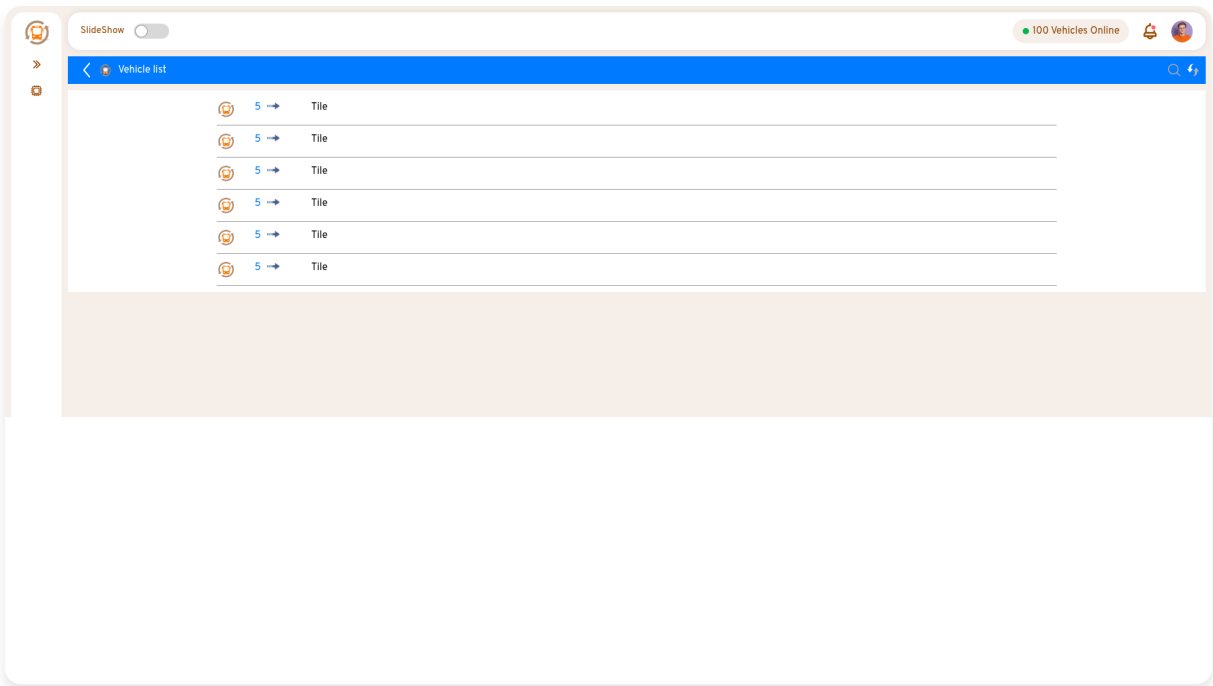

Key Features You'll Use

- **Vehicle List:** Displays all vehicles assigned to you.
- **Search Bar:** Allows you to search for a vehicle by Vehicle ID.

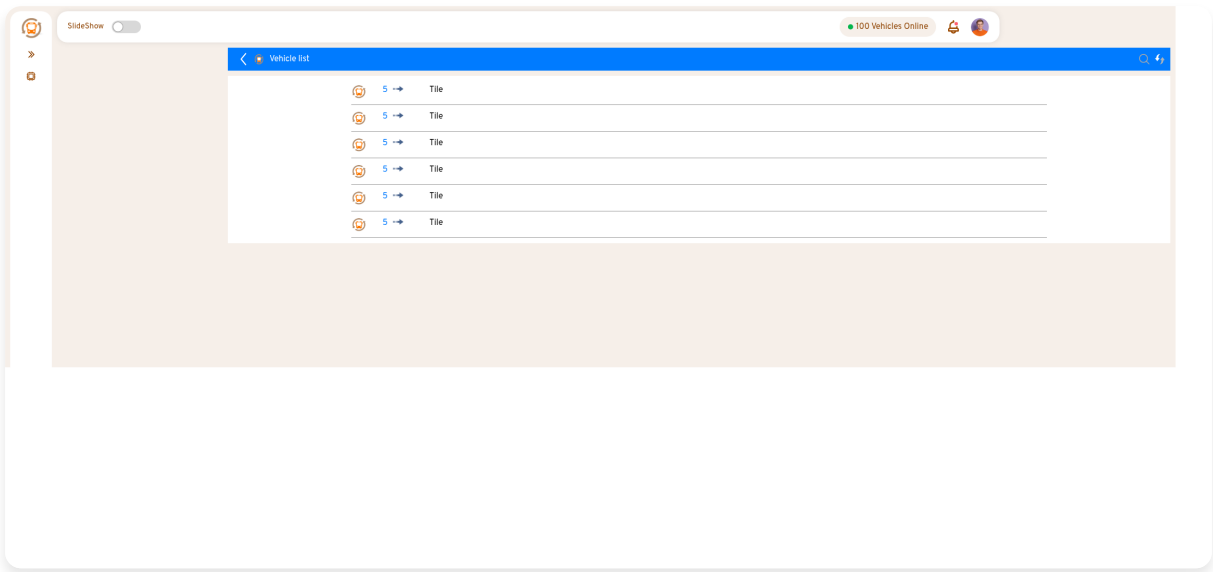

Common Scenarios

- **Scenario 1: Finding Your Assigned Vehicle:** You need to find your assigned vehicle quickly. Open the Vehicle List and locate your vehicle by its ID.
- **Scenario 2: Searching for a Specific Vehicle:** You know part of the Vehicle ID. Use the search bar to find the vehicle. For example, refer to the

screenshot below and enter part of the vehicle id in the search box:

- **Scenario 3: Trip Selection:** After finding the right vehicle from the list, you need to select the trip. To select, please refer to the screenshot below:

What to Expect

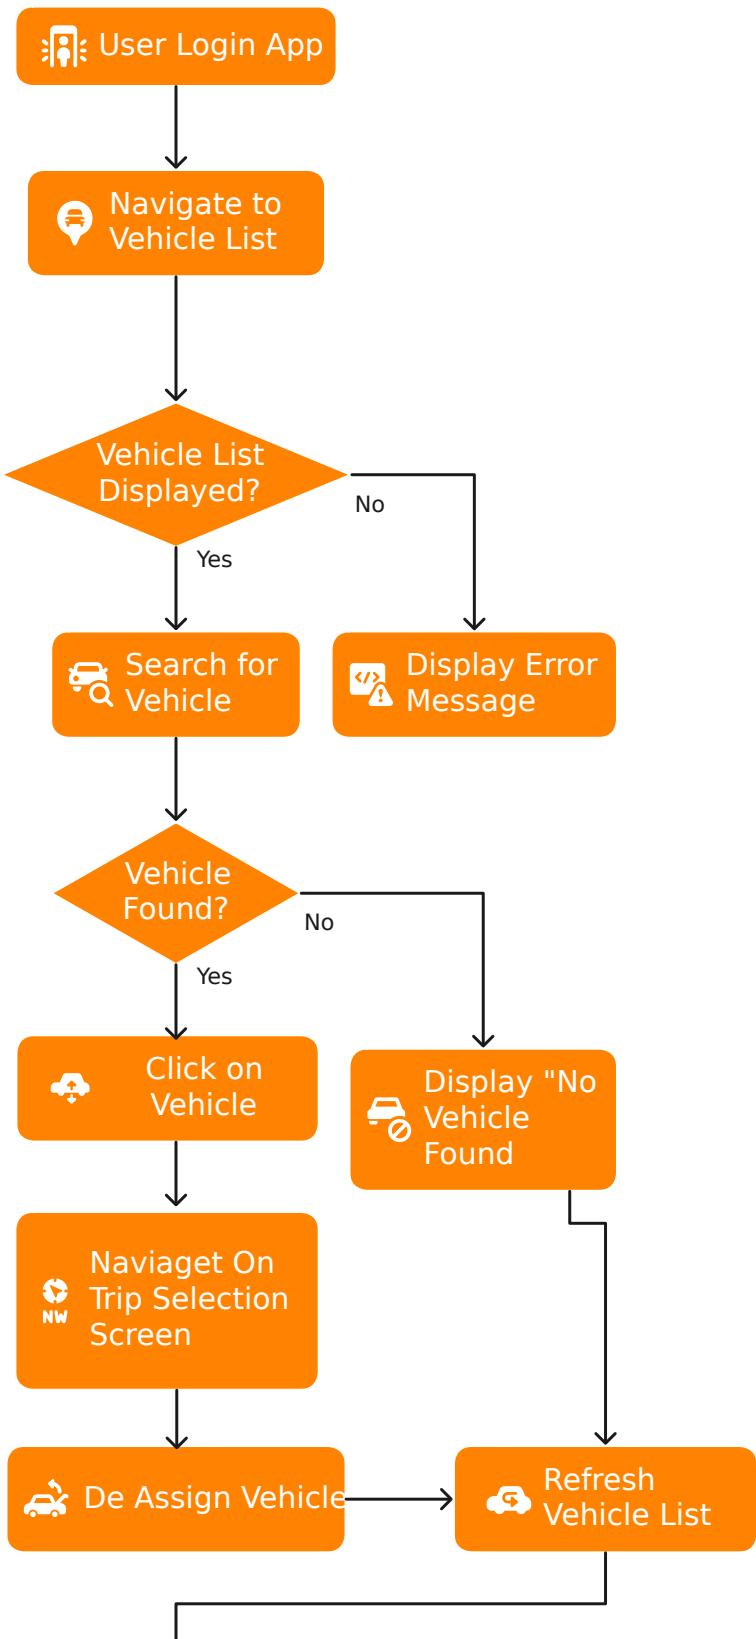

- Upon opening the Vehicle List, you will see a list of vehicles assigned to you.

- Each vehicle will display its Vehicle ID and status.
- You can use the search bar to quickly find a specific vehicle.
- Selecting a vehicle will take you to the trip selection page for that vehicle.

5. Visual Elements & Supporting Information

Flow Chart Diagram:

Vehicle List Flowchart

The flowchart illustrates the Vehicle List process within the Delivery App. It starts with the user accessing the Vehicle List, then searching for a vehicle by entering its ID or name. The app retrieves the vehicle details, shows a list of vehicles matching the search criteria, and upon selection, shows the trip selection page for that vehicle. If no match is found, the user can refine their search. This diagram shows you how straightforward it is to find the correct vehicle and proceed to your assigned trips.

6. Summary & Benefits

The Vehicle List feature in the Delivery App is a valuable tool that helps you quickly and efficiently locate your assigned vehicle. By using this feature, you can:

- **Save time** searching for your vehicle.
- **Reduce errors** by ensuring you select the correct vehicle.
- **Increase efficiency** by starting your deliveries faster.

By following this guide, you can confidently use the Vehicle List feature to streamline your delivery process.
