## OBJECTIVE

Experienced QA Engineer with a proven track record in manual testing and a strong commitment to ensuring the quality and reliability of products. Possessing [1+ years] of hands-on experience in creating and executing test plans, identifying and documenting defects, and collaborating with cross-functional teams. Seeking a challenging role to leverage my skills and contribute to the success of dynamic projects.

## EXPERIENCE

### Globalstep, viman nagar — QA Engineer

1st July 2022 - PRESENT

- ★ Working on consoles and mobile devices, I gained most of my knowledge about working tools like Jira and Bonsai through testing.
- ★ Developed and executed detailed test plans and test cases, ensuring comprehensive coverage
- ★ Collaborated closely with development teams to understand requirements and resolve issues.
- ★ Participated in regular team meetings to discuss testing strategies and improve overall product quality.
