(50.92%)

May 2017

Shree Chhatrapati Shivaji Vidyalaya Tisgaon
SSC
(71.40%)

June 2015

PROJECTS PORTFOLIO:

ACADEMICS:

- **Diploma Project:**
  Implemented a Smart Dustbin System integrating sensors and wireless technology for automated waste management. Monitored fill levels, sent real-time alerts, and optimized collection routes, enhancing efficiency and sustainability.

- **Degree Project:**
  Designed and deployed a Deep Learning-based Hybrid Word Representation system for hate speech detection on social media. Leveraged deep learning techniques to enhance accuracy in identifying complex and diverse hate speech language, addressing a crucial societal challenge.

PERSONAL INOVATIONS : Software Testing course Projects

- **Adactin manual testing project:**
  Successfully executed Adactin manual testing project focused on enhancing user experience for room bookings. Implemented a system enabling users to effortlessly view, select, and book rooms online, facilitating seamless payments via credit cards. The system provides instant online receipts, displays room availability through an intuitive graphical interface, and notifies both users and admin for efficient management.
- **HRMS project for manual and Automation testing:**
  Successfully led HRMS project, overseeing both manual and automation testing. Developed a comprehensive solution for efficient Human Resource management, employing a modular architecture to streamline various HR activities and enhance overall workforce management.
