TECHNICAL SKILLS

Testing Methods: Manual Testing, Functional Testing, Non-Functional Testing, Regression Testing, Sanity Testing in iOS and Android

Tools: JIRA, MySQL, Postman, Eclipse

Platforms: Mobile and Web Application Testing

PROFESSIONAL EXPERIENCE

INDIUM SOFTWARE PVT.LTD.

November 2022 - November 2024

Client: Uber India PVT.LTD, Hyderabad

Test Engineer

The Uber Rider App is a mobile application that enables users to book rides in real time, track drivers via GPS, and make secure payments through multiple options.

- Conducted mobile application testing on iOS and Android platforms by analyzing user requirements and exploring application functionalities.
- Validated and reproduced bugs reported by end users, assigned them to the engineering team, and re-tested fixes after resolution.
- Performed accessibility testing using Voice Over on iOS and Android devices to ensure usability for all users.
- Provided input to improve test cases and supported the team in bug assignments.
- Reported daily progress and testing updates to team leads and managers.
- Collaborated closely with engineers to gain feature knowledge and ensure smooth implementation of updates.

EDUCATION

Bachelor of technology (E&TC)

July 2013 - Aug 2017

Shivaji University, Kolhapur
