

Mayank Vasudev Chalse

Lokmanya Tilak Lane Rahata Tal Rahata Dist Ahmednagar
iamayankchalse@gmail.com | 8459059793 | DoB: 01/05/1998

Detail-oriented and results-driven Software QA Engineer with 11 months of experience in manual and automation testing across web, mobile, and API applications. Skilled in designing and maintaining robust test automation frameworks, ensuring high-quality deliverables through efficient testing strategies. Experienced in Appium, Selenium, Rest Assured, Postman, and SQL with strong problem-solving and analytical skills. Adept at working in Agile environments and collaborating with cross-functional

Professional Experience

Ingram Micro

06/2022 - 05/2023

Associate Software Engineer

- Assisted in manual and automation testing of web and mobile applications.
- Gained hands-on experience in test case design, execution, and defect tracking.
- Supported the senior QA team in developing test automation scripts in Java + Selenium.
- Performed regression and smoke testing during release cycles.
- Documented test results and prepared reports to support QA deliverables.
- Conducted API testing using Postman (manual) and Rest Assured (automation), validating RESTful services for functionality, performance, and reliability.
- Collaborated with developers and business analysts to understand requirements and translate them into effective test cases and automation suites.
- Executed SQL queries to validate backend data integrity and perform database testing.
- Reported, tracked, and validated bugs using JIRA, ensuring timely resolution.
- Participated in Agile ceremonies (daily standups, sprint planning, retrospectives) and contributed to continuous improvement initiatives.

Education

Savitribai Phule university

08/2018 - 03/2021

Bachelors Of Engineering - 7.86 cgpa

- Completed BE in information technology

Maharashtra state board of technical education

06/2014 - 03/2018

Diploma In Computer Technology - 74

Maharashtra state board

SSC - 68

Key Strengths

- Strong analytical, problem-solving, and debugging skills.
- Effective communicator with the ability to collaborate in cross-functional teams.
- Detail-oriented with excellent time management and organizational skills.
- Passionate about test automation and continuous learning.

Languages

- English
- Hindi
- Marathi

Key Skills

- Automation Tools & Frameworks: Selenium, TestNG, JUnit,
- Programming/Scripting: Java
- API Testing Tools: Postman,
- Testing Types: Manual Testing, Automation Testing, Mobile App Testing (iOS & Android), Unit Testing, Integration Testing, Functional Testing, Regression Testing
- Methodologies: SDLC, STLC, Agile/Scrum
- Database: SQL (queries, joins, data validation)
- Bug Tracking Tools: JIRA
- Other Skills: Test case design, test strategy development, defect reporting, documentation
