SUMMARY

Passionate Java Developer with proficiency in **Java, Spring Boot, RESTful APIs, Hibernate, and MySQL**. Skilled in **full-stack development**, with hands-on experience in both **frontend and backend** technologies.

EXPERIENCE

Java Developer Intern

CipherBytes Technologies | May 2024 - June 2024 | West Bengal

- Developed RESTful APIs using Java, Spring Boot, Hibernate, and MySQL for an E-commerce Web Application.
- Implemented secure authentication with Spring Security, protecting user data.
- Designed frontend interfaces using ThymeLeaf, HTML, and CSS to enhance user experience.
- Created APIs and user/admin interfaces for a customer feedback portal, enabling effective user feedback collection and analysis to enhance service quality.

Salesforce Marketing Cloud Intern

TrailBlaze-X | April 2024 - June 2024 | Jaipur, Rajasthan

- Assisted in managing marketing automation workflows with Salesforce Marketing Cloud.
 - Analyzed marketing data performance.
 - Technologies Used:** HTML, CSS, JavaScript, Salesforce Marketing Cloud.
-

EDUCATION

Bachelor of Science in Computer Science | V. P. S. College, Lonavala, Pune | 2022 | 8.26 GPA

PROJECTS

Orbit: Online Bookstore WebApp

QSpider's & JSpider's | December 2023 - January 2024

- Developed backend logic using Java and Spring Boot, integrating MySQL for robust database operations.
- Created search features and cart handling functionalities, improving user engagement and retention.
- Integrated secure checkout and streamlined order processing workflows, ensuring seamless transactions.
- Technologies Used:** Java, Spring Boot, MySQL, ThymeLeaf, HTML, CSS

Doctron: Healthcare Appointment Portal

October 2023 - November 2023

- Developed a web application using Java, JDBC, HTML, CSS, JavaScript, and MySQL.
- Managed and approved appointments, facilitating efficient scheduling processes.
- Assigned requests to specialist doctors, optimizing patient care management.
- **Technologies Used:** Java, JDBC, HTML, CSS, JavaScript, MySQL

FoodZilla: Online E-commerce Application

V. P. S. College | April 2022 - May 2022

- Developed a web-based application using PHP and MySQL, supporting efficient food catalog management.
- Implemented cart functionality and an admin panel, facilitating smooth order processing and inventory management.
- Designed search and filter menus, enhancing user navigation and product discovery.
- **Technologies Used:** PHP, MySQL, HTML, CSS

CERTIFICATIONS

Java Full-Stack Development Certification | Q-Spiders & J-Spiders | May 2024

- Expertise in Java, Spring Boot, Hibernate, and MySQL for building full-stack applications.
- Hands-on experience in developing RESTful APIs and web applications.
- Gained understanding of frontend and backend technologies.

SKILLS

- **Programming Languages:** Java, JavaScript, Python
- **Front-End Development:** HTML5, CSS3, JavaScript, Bootstrap
- **Back-End Development:** Spring Boot, Hibernate, JDBC
- **Databases:** MySQL, SQL
- **Tools & Technologies:** Eclipse IDE, Git, GitHub, Maven, Servlets, JSP, Spring Framework
- **Web Servers:** Apache Tomcat
- **Operating Systems:** Windows, Linux
