# Entri Learning App

---

Entri is a vernacular language learning platform in India, focused on helping people acquire relevant job skills. Entri provides in-demand coding skills to help learners land their dream jobs through its **Entri Elevate** Programs. Currently, talented individuals from all South Indian states, including **Kerala, Karnataka, Tamil Nadu, and Telangana**, are pursuing our job-oriented courses.

Our Courses are backed by **Illinois Tech, US** and **NSDC**.

We're proud to partner with **Illinois Tech**, a world-renowned public research university with a distinguished academic heritage. Established in 1867, Illinois offers a vast array of undergraduate and graduate programs, all grounded in a commitment to teaching, research, and innovation.

The University is consistently ranked among the top universities in the nation [US News Best Colleges], and its faculty are leaders in their respective fields. This partnership brings together our strengths to provide you with an exceptional learning experience.

# About **Entri Elevate**

---

**Entri Elevate** is a comprehensive training program designed to equip learners with the necessary skills to thrive in their chosen field. This meticulously crafted curriculum is led by experienced instructors who provide in-depth guidance throughout the learning journey. Entri Elevate further enriches the experience by offering access to industry mentors from a variety of leading companies. This exposure ensures that learners gain valuable insights into the professional landscape, preparing them for success in their chosen career path.

Beyond technical expertise, Entri Elevate recognizes the importance of soft skills. The program incorporates dedicated sessions to develop essential interpersonal and communication abilities, crucial for navigating today's competitive job market. By participating in Entri Elevate, learners not only acquire technical proficiency but also cultivate the well-rounded skill set necessary to excel in interviews and beyond.

Dear All,

In a world where work paradigms shift with unprecedented speed, upskilling platforms are tasked with fostering a new generation of professionals. These individuals are not only diligent but also astute in their approach to work. At Entri, we understand that academic prowess is no longer the sole indicator of success. Our mission is to cultivate agile minds that transcend traditional limits and chart new territories of achievement.

Entri's Career Services extend beyond mere job placements or internships; we are in the business of sculpting careers. We meticulously design pathways to employment, provide tailored career counseling, and ignite the drive for grander goals.

Consider us the "finishing school" for a kaleidoscope of talent. Our mission is to arm students with not just the skills to be job-ready but also the versatility to excel in ever-changing industries. We foster leaders who don't merely occupy roles but transform them.

## Why Opt For Entri Graduates?

**Diverse and Adaptable:** Our talent reservoir is far from uniform; it's a dynamic amalgamation of fresh graduates, seasoned professionals, and perpetual learners. Adaptability is woven into their very essence.

**Zero Recruitment Fees:** Indeed, you've read correctly. Engage with some of India's most exceptional talents without incurring recruitment expenses.

**Skills That Surpass Expectations:** Our learners are not confined to coding; they are pioneers. They don't just interpret data; they reveal profound insights. They are primed to leave a mark from the outset.

Your invitation is open as a recruiter, your role transcends filling vacancies; you are the architects of the future. Partner with Entri as a recruiter. Together, let's unveil the upcoming surge of talent.

With warm regards,

**Deepak**

## 1 Elevate Data Science & Machine Learning Program

---

Our Data Science and Machine Learning course is a comprehensive program designed by industry experts. It provides a solid foundation in Python, statistics, data analysis, and machine learning models. Learners will gain hands-on experience through projects that apply these concepts to real-world scenarios. Upon successful completion, learners receive certificates recognized by Illinois Tech.

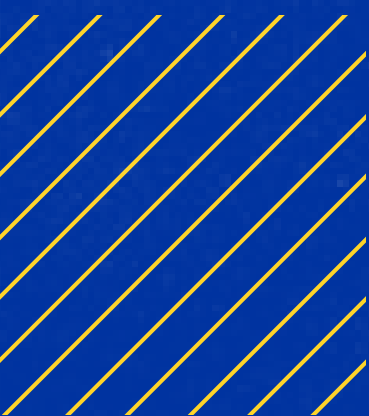

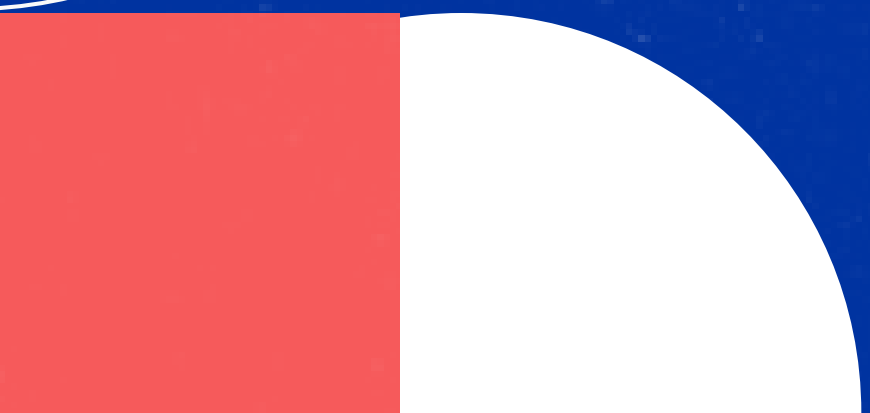

# Course Roadmap

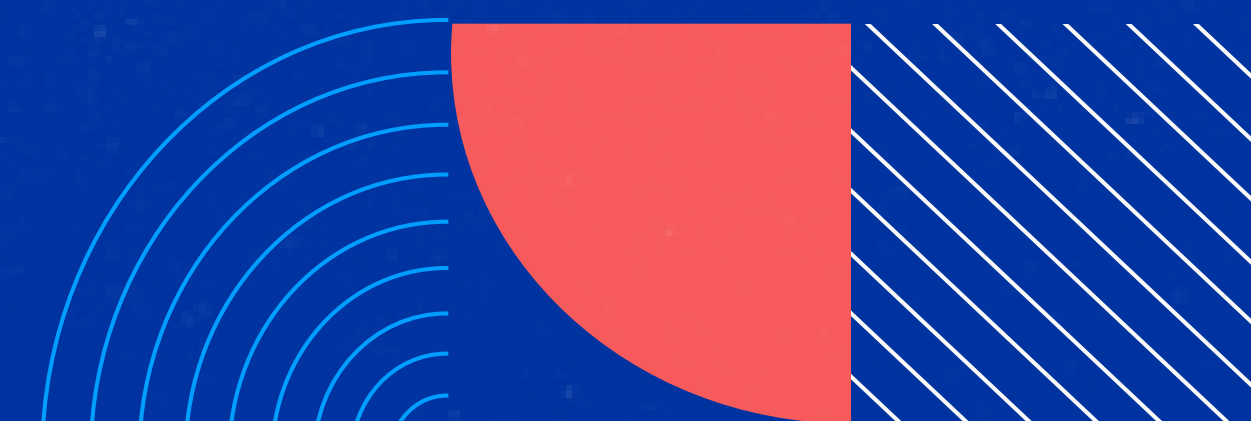

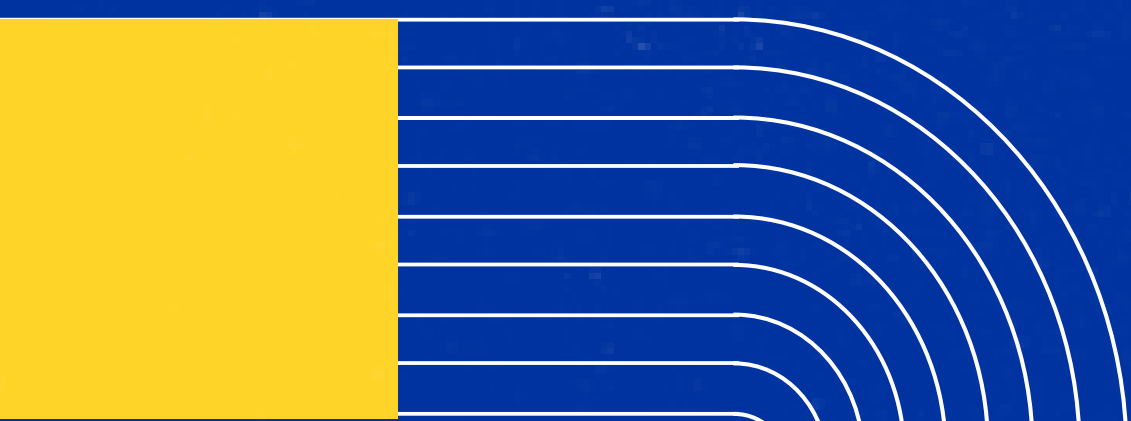

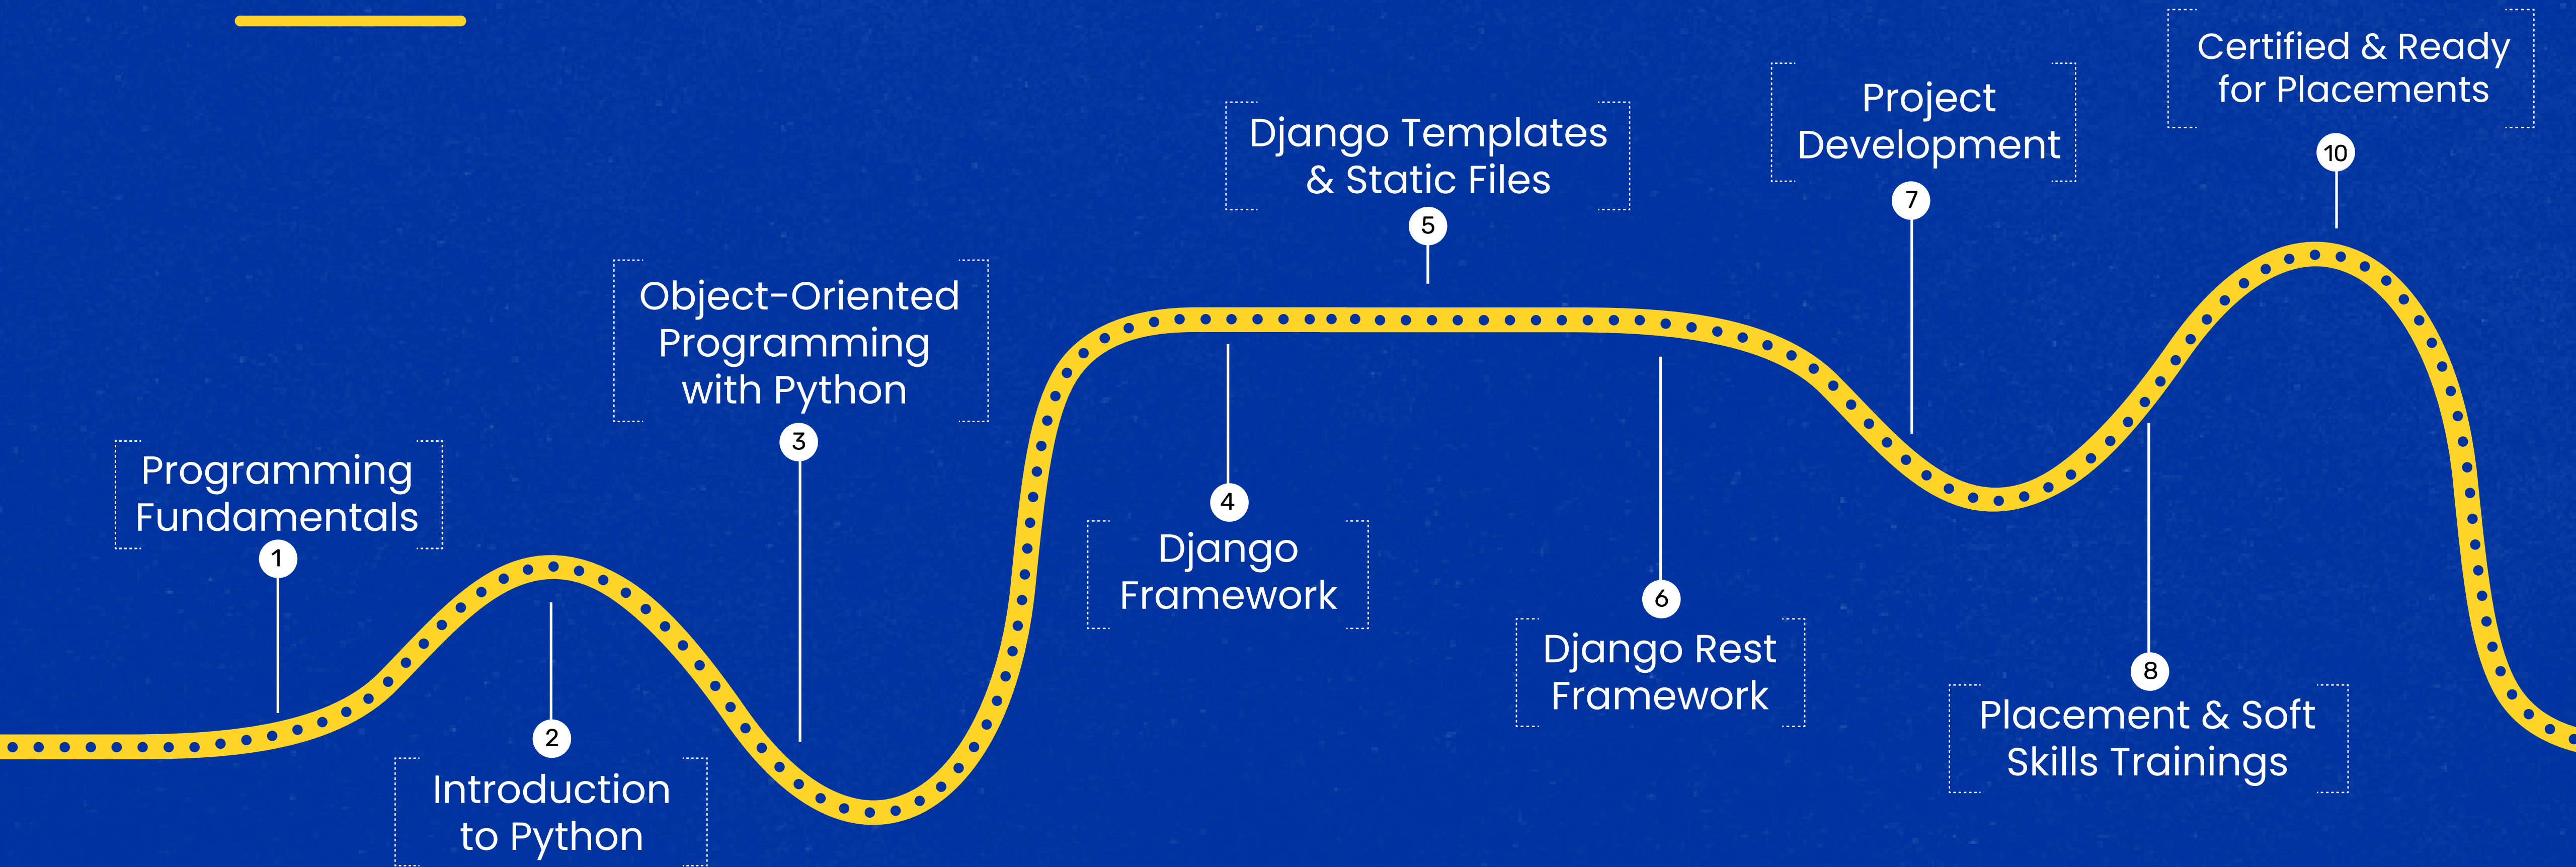

## 2 Elevate Python Programming Course

---

Entri Elevate's Python Programming course provides learners with a comprehensive and structured learning experience to master Python from the basics. Learners will learn through hands-on projects, real-world examples, and expert mentorship to build a strong foundation in Python programming. Upon successful completion, learners receive certificates recognized by Illinois Tech.

# Course Roadmap

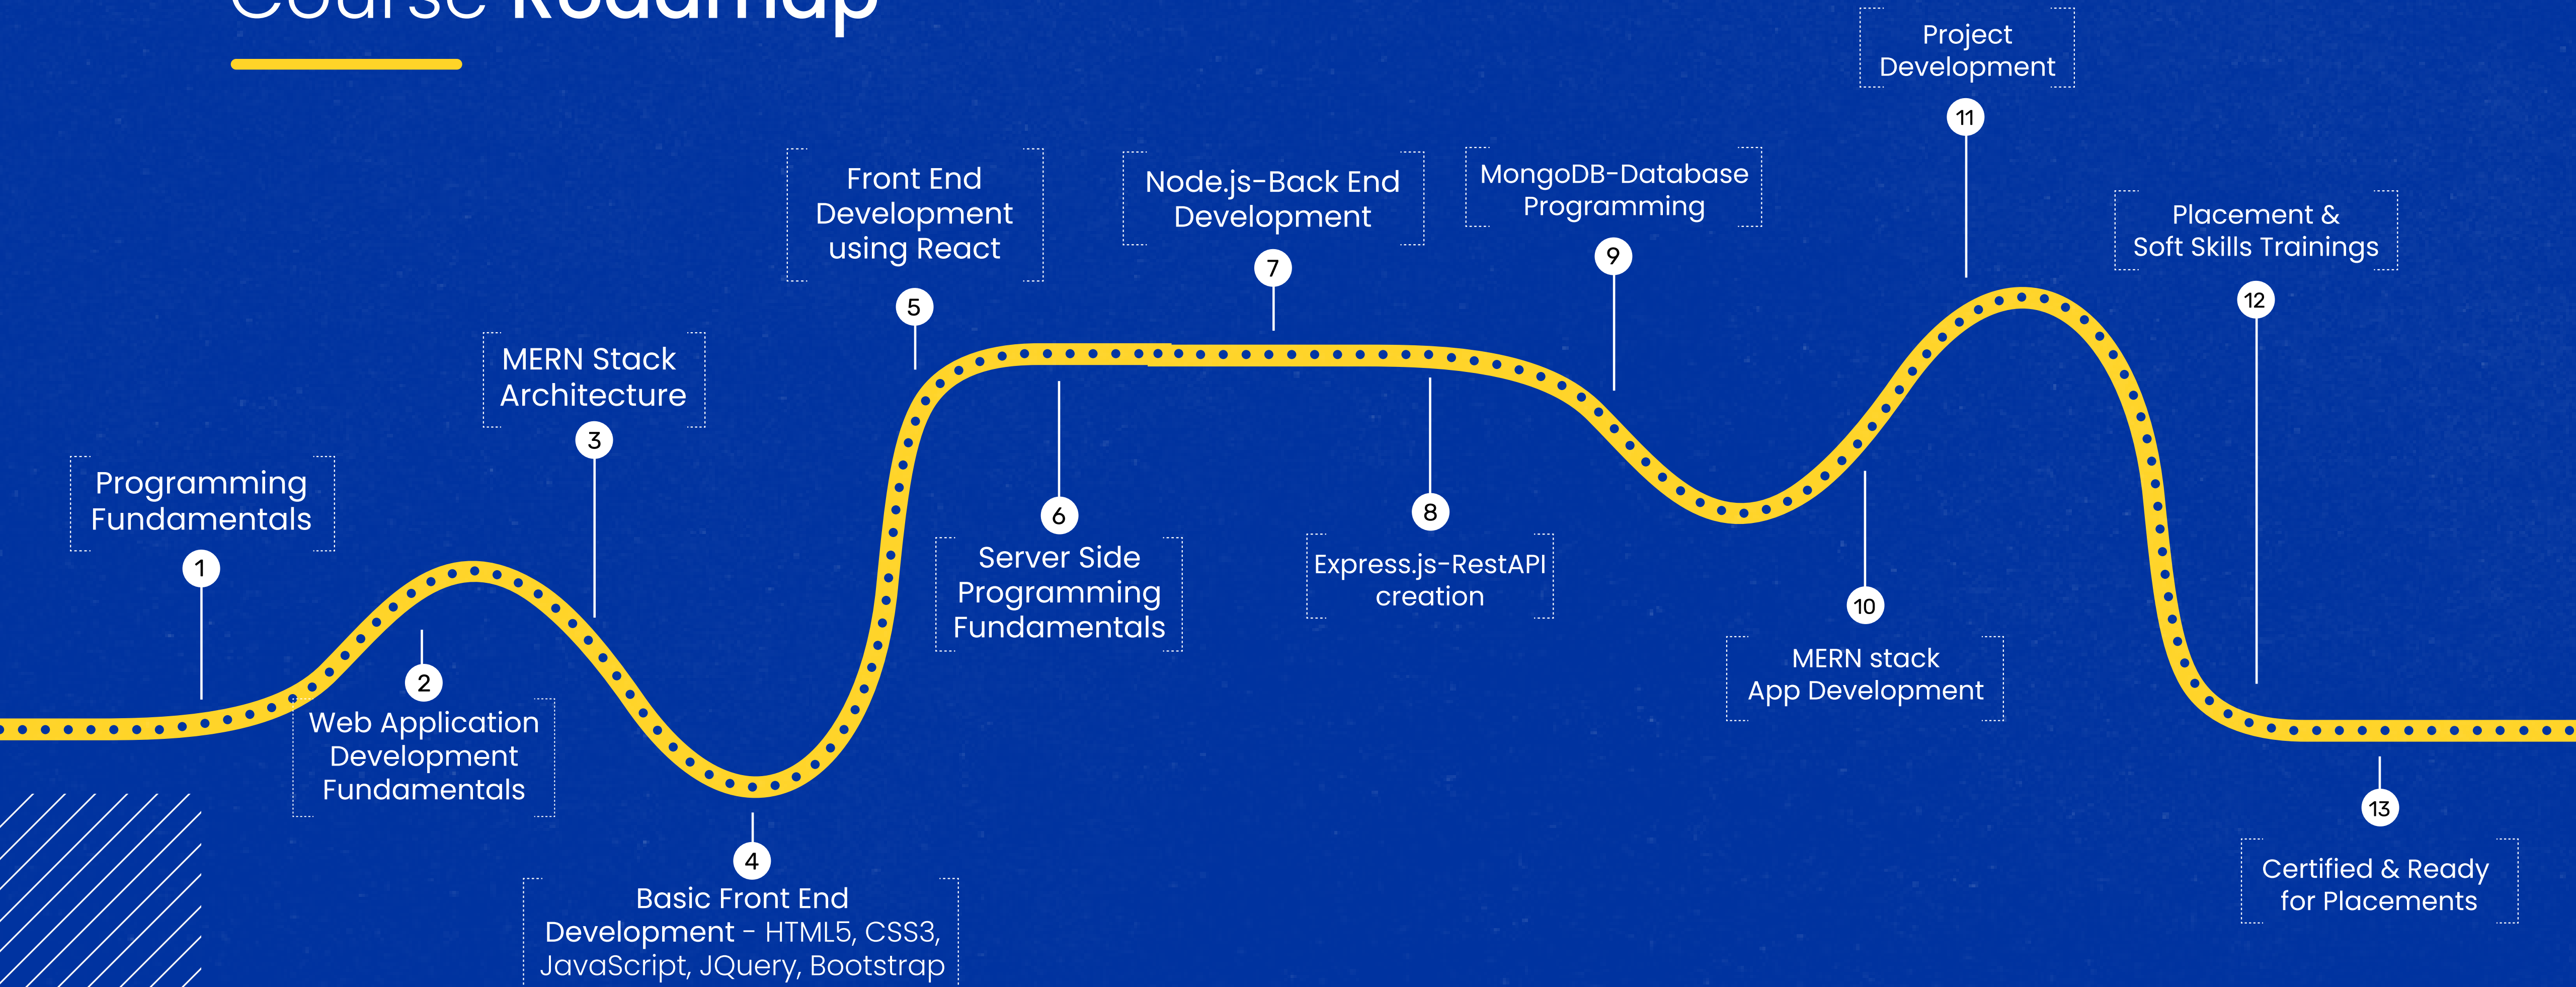

## 3 Elevate Full-stack Development program

---

Entri Elevate's comprehensive Full-Stack Web Development course focuses on building a strong foundation in the MERN Stack and developing problem-solving skills. Learners gain expertise in architecting end-to-end web applications from the basics, utilizing cutting-edge frameworks. Benefit from hands-on projects, interactions with industry experts, and learn in-demand tools and skills. Upon successful completion, learners receive certificates recognized by Illinois Tech.

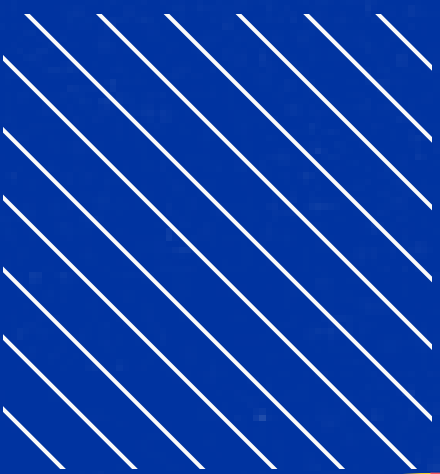

# Course Roadmap

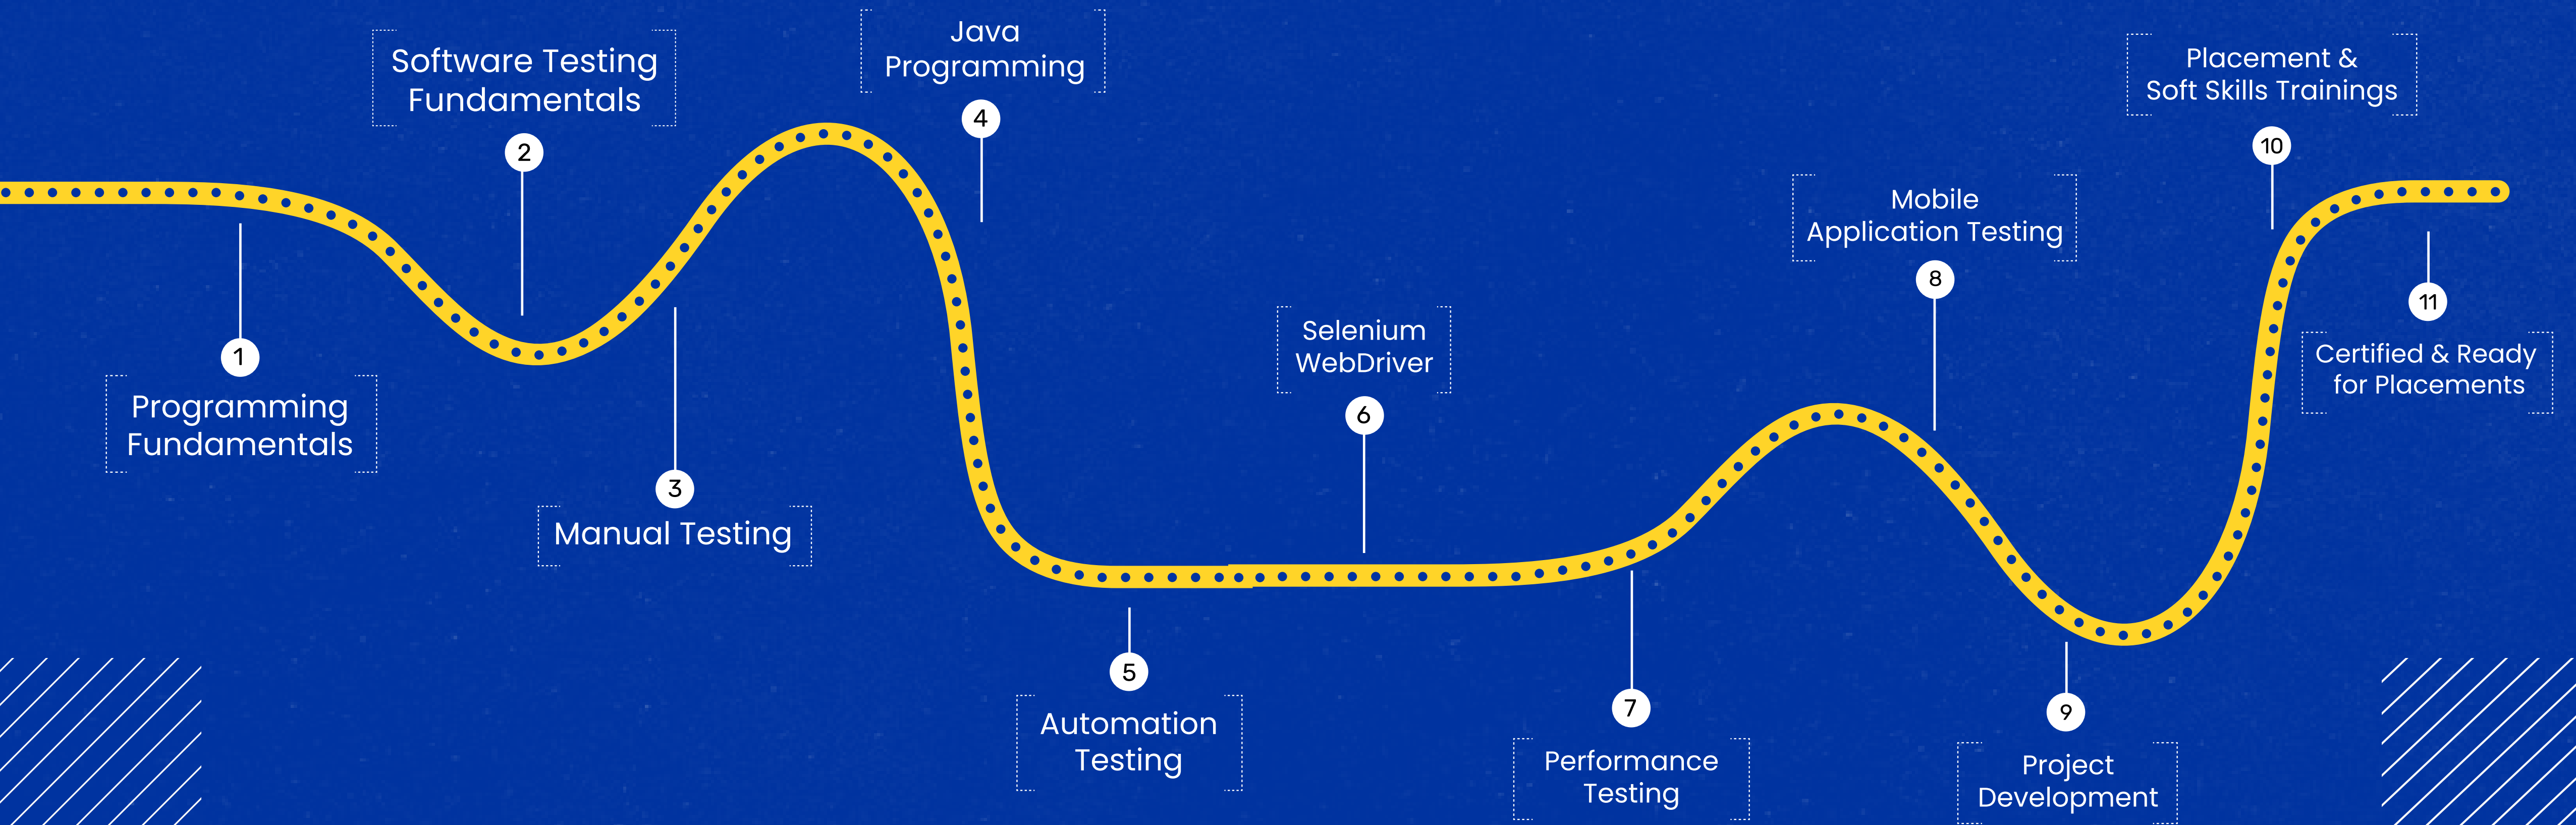

# 4 Elevate Software Testing Program

---

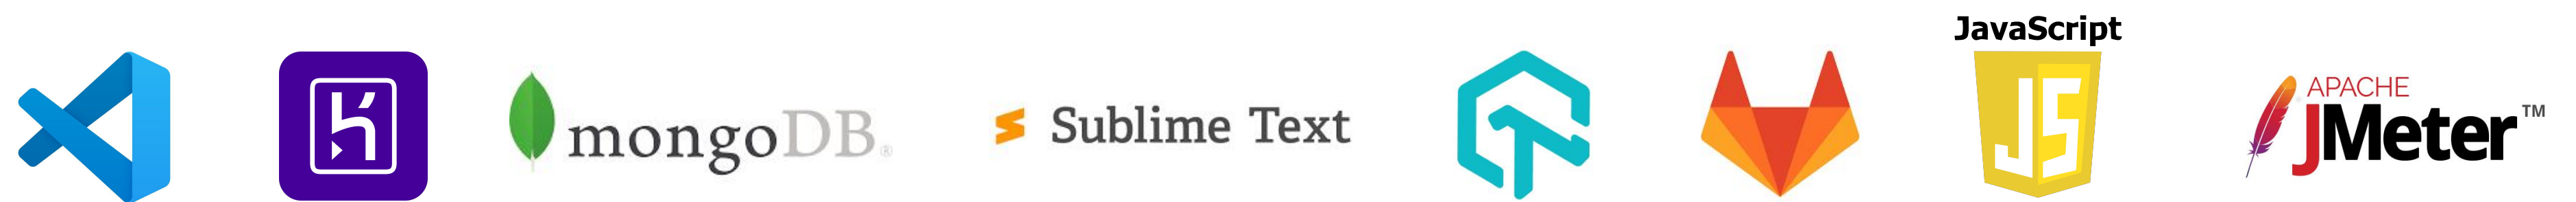

Entri Elevate's Software Testing course equips learners with the knowledge and practical experience to become qualified Software Testing professionals. Our learners gain expertise in test automation, performance testing, and security testing by working on real-world projects. Upon successful completion, learners receive certificates recognized by Illinois Tech.

# Why Hire from us?

---

## Zero Cost Hiring

You can benefit from hiring our talented students at no cost.

## Diverse Pool of Pre-Qualified Candidates

We connect you with a broad range of pre-qualified candidates, ensuring a wider selection for your hiring needs.

## Trained by Industry Expert

Our candidates benefit from comprehensive training delivered by experienced industry professionals, guaranteeing their preparedness for specific roles.

## All year around hiring

Our year-round recruitment process allows you to fill open positions promptly and efficiently.

## **Fresh Talents Every Quarter**

We consistently provide access to new and qualified candidates entering the workforce every quarter.

## **Get job ready candidates**

Our candidates are equipped with the necessary skills and knowledge to seamlessly integrate into your organization from day one.

## **Practical Project Experience**

Candidates gain valuable real-world experience through participation in multiple projects, enhancing their problem-solving and application abilities.

## **Lifetime Career Support for hired candidates**

We offer comprehensive career support to placed candidates, fostering long-term success and employee satisfaction.

# How it Works

---

Take these four simple steps and become our placement partner!

---

01

Send us your requirements

02

Our team gets in touch with you

03

Receive shortlisted profiles within 48 hours

04

Interview our learners & onboard them

# Our Expert Mentors

---

**Dineshkartik Raveendran**

Senior Data Engineer, Tesla

Focused on building and improving configuration-based format for managing complex data pipelines.

**Anil Unnikrishnan**

Engineering Lead, Samsung's Technology & Advanced Research (STAR) Lab, SAMSUNG

Conceptualizes & architects how humans interact with NEONS, computationally created virtual beings.

**Narayan Babu**

Head Of Product & Engineering, Zeta

Creating new waves in banking tech.

# Companies hired from us

# Messages from

## Industry Expert Mentors

**Dineshkarthik (Tesla)**

The more you know, the more you realize you don't know. So learn, unlearn, and relearn and view life as a continuous learning experience.

**Anil Unnikrishnan (Samsung)**

Change is the most influential force in the world. It is our responsibility to use our abilities to bring about positive transformation and to always strive for a higher purpose.

**Narayan Babu (Zeta suite)**

Wall of impossibility is the mental barrier which keeps us from doing great things. Each time we realize our ability and break it, it gets pushed a little further. This process continues as we discover ourselves and keep growing.

**Vamsi Bhavani (Atlassian)**

Everyone has a dream. The hardest choice you would have to make is the realization that turning dreams into reality requires effort, hard work & dedication.

**Shyam Anand (Google)**

They say everything begins with ideas. But ideas without action mean nothing. So to make them a reality, you must act, experiment, fail, adapt and learn, every day!.
