# NEW COMMERCE ERP SOLUTION

Discover next-generation cloud-based POS & eCommerce solution that gives streamline business experience

# COMPLETE ERP SOLUTION FOR RETAIL BUSINESS

VasyERP, based in India designs and develops ERP & point of sale (POS) platform for manufacturing and retail industries. It provides solutions to manage Production, Inventory, Cloud-POS, Smart Retail, Omni channel ecommerce, Self - Checkout, Smart Cart, m-POS, Self-Ordering, Cloud Printing, Customer Loyalty, Memberships, Self-Kiosk, GST Returns, Accounting, Analytics and much more! It also provides third party POS hardware with additional enhancing solutions for additional fees.

Small and Medium Enterprise have always found themselves very starved out while finding a comprehensive Accounting, ERP and CRM solution provider that able to catch up with express growth. Due to high prices, the small and medium entrepreneurs can't purchase ERP and cloud solutions which proved a big downfall in SME's Sector.

VasyERP is empowering SMEs to tackle the capacity of ERP and POS without any compromising. VasyERP has developed a game changing business intelligence software where any Small & Medium entrepreneurs can utilize this solution in their business and witness aggressive expansion in their business.

**In 2021, VasyERP has been Acquired by Reliance Industries.**
