PROJECTS

Child Vaccination Alert System | [HTML](#), [CSS](#), [JavaScript](#), [PHP](#), [MySQL](#), [AWS](#)

- Deployed an advanced alert system to notify parents of impending vaccination dates, enhancing compliance rates by 35% and reducing missed appointments by 25%
- The system leverages modern technology to send timely reminders and notifications to parents and guardians about upcoming vaccination schedules for their children.

Vendor Shop | [HTML](#), [CSS](#), [JavaScript](#), [React.js](#), [Node.js](#), [Express.js](#), [MongoDB](#)

- Developed an Online Vendor Shop Platform designed to streamline the process of buying and selling products from multiple vendors through a centralized e-commerce marketplace.
- The platform facilitates seamless transactions and enhances vendor and customer interaction.

Ecommerce Website | [React](#)

- Developed a responsive E-commerce website during internship at Codiastic Software using React, Node.js, and MongoDB.

INTERNSHIP

DevTown (Training)

June 2023 – July 2023

Full Stack Web Development

Completed training in building web applications using MongoDB, Express.js, React.js, and Node.js. Gained experience in frontend and backend development, API integration, and deploying projects. Worked on projects involving authentication, data management, and responsive UI design.

Applied Science and Research Development Company (ASRDC)

June 2024 – July 2024

Full Stack Web Developer

Contributed to developing a web application, collaborating on new industry-specific features. Participated in code reviews, debugging, and troubleshooting to enhance application efficiency and functionality. Worked on the "Vendor Shop" project, developing a full stack web application. Gained experience in backend development, database management, and creating dynamic, user-friendly interfaces.

Codiastic software private ltd.

PRESENT

React developer

Contributed to developing an E-commerce web application, collaborating on industry-specific features. Participated in code reviews, debugging, and enhancing performance. Gained experience in full-stack development, backend integration, and creating dynamic, user-friendly interfaces.

TECHNICAL SKILLS

Languages: Java, C, C++, HTML, CSS, JavaScript, SQL.
