CAREER OBJETIVE

Results-driven **Software Test Engineer** with **1.9 years of experience** in **Manual and Automation Testing**. Proven Exprience in **Selenium WebDriver, Java, TestNG, and Cucumber**, with hands-on knowledge of **Functional, Regression, Smoke, Sanity, and UI Testing**. Adept at working in **Agile environments** with strong understanding of **SDLC, STLC, and Defect Life Cycle**. Proficient in writing and executing test cases, identifying bugs, and ensuring high-quality deliverables.

TECHNICAL SKILLS

- **Manual Testing:** Smoke, Sanity, Functional, Regression, Integration, Retesting, Ad-hoc
- **Automation Testing:** Selenium WebDriver, TestNG, BDD Cucumber, Maven, POM
- **Frameworks:** TestNG, BDD Cucumber, Page Object Model (POM)
- **CI/CD & Version Control:** Jenkins, Git, GitHub
- **Bug Tracking:** JIRA
- **Agile Methodology:** Daily Standups, Daily Scrum, Sprint Planning, Reviews, Retrospective
- **Database:** Oracle SQL (Basic queries for validation)
- **Programming Languages:** Core Java (OOPs, String, Array, Collections, Exception Handling)

WORK EXPERIENCE

- Software Test Engineer - Quality Assurance Technologies LLP | Sep 2023 – Apr 2024
- Software Test Engineer - ElasticRun | July 2021 – July 2022

PROJECTS

Project Title : EDC (Electronic Data Capture)

Domain : Healthcare

Project Title : Vitran - B2B eCommerce platform for rural India

Domain : E-Commerce

- Conducted Requirement Analysis, Test Case Design, and Test Case Execution.
- Involved in automation testing using Selenium WebDriver and TestNG.
- Executed Functional, Smoke, Retesting, Regression Testing.
- Creating the classes of POM and Test as per the requirement of the framework.
- Participate in daily standups, daily scrum, sprint planning, review, retrospective meetings as part of agile processes.
- Creating reusable components. Creating and enhancing Test cases (Test scripts) using Element locaters, WebDriver methods, Java programming concepts and TestNG Annotations.
- Reported bugs in JIRA, coordinated with dev team for resolution.
- Created reusable test scripts using POM structure, improved test maintainability.
- Executed cross-browser testing (IE, Firefox, Chrome).
- Reduced defect leakage through effective test case execution.

EDUCATION

BE (Bachelor of Engineering) - Computer Science, Modern Education Society's Wadia College of Engineering (MESWCOE), Savitribai Phule Pune University (SPPU), Pune.
