ABOUT COMPANY

Established in 2015, “TECH VISIT” was formed with a charter to develop an effective hardware distribution channel. The company has grown over the last 7 years into a sound. A long term player in the market. Indian owned with strong financial backing.

TECH VISIT IT PVT.LTD caters for almost every aspect of IT computing from the humble floppy drive to networking and Enterprise server and backup solutions and the convergence of multimedia technologies now becoming more widely accepted into the more traditional computing arenas such as IP addressable large format digital display advertising.

Local additions to the line-up includes the TECH VISIT PCs and Server range. Through successful deployment and implementation these systems have found their way into many of India's Government and Corporate offices and are resold Indian wide through a national reseller base.

TECH VISIT understands the needs and demands placed on businesses today and the importance of expedient accurate supply of high quality product while also delivering a personal level of expert advice and customer service.
