- Communication

EDUCATION

BE in Computer Science | Currently in Third Year.

Second Year SGPA: 8.43

Expected in 2026 PGMCOE, Pune.

SKILLS

HTML, CSS	Java Script
OOPs	Problem-Solving
DBMS	SQL

PROJECTS

- **Email Validation – Responsive Web Page for Secure Email**
An Email Validation Platform utilizing HTML, CSS, JavaScript, and SQL for both frontend and backend functionality. Implemented real-time email validation and securely stored validated data in a relational database.
- **Note Taking App- Responsive note taking with CRUD functionality**
Developed a note-taking web application utilizing HTML, CSS, and JavaScript for the frontend, and MySQL for the backend. Implemented user authentication, note creation, editing, and deletion functionalities, with data securely stored in a MySQL database. Integrated advanced features such as search and note categorization to enhance user experience and application performance.
