## OUR VISION & MISSION

- **VISION**

To empower organizations worldwide by providing superior ISO certification services and training, fostering a culture of excellence, sustainability, and continuous improvement

- **MISSION**

To stand as a beacon of global excellence, SQC Certification Services aspires to be the foremost leader in certification, continually innovating to shape a world where organizations thrive through quality and sustainable practices

## WHY CHOOSE SQC CERTIFICATION ?

SQC Certification is one of the most trusted ISO certification bodies.

- With over 30 years of experience in technical and industry expertise,
- we ensure that your organization is in good hands as we skillfully navigate the complexities of compliance and quality assurance. We also serve worldwide, extending our expertise across borders to cater
- to organizations globally with approvals from multiple countries. For the past six years, SQC Certification has been dedicated to serving diverse industries such as manufacturing, healthcare, government,
- finance, IT, or any other field.

## COMPLAINT AND APPEAL PROCESS

- Ensuring Stakeholder Satisfaction through Transparent and Effective Resolution Procedures

## OUR COMMITMENT TO IMPARTIALITY

---

SQC Certification emphasizes the crucial importance of impartiality in all certification activities, ensuring objectivity throughout.

- Certificates are issued post-review by an independent, authorized, and competent member of the management team to prevent any dominant interests
- SQC Certification refrains from providing management system consultancy or internal audit services to maintain impartiality.
- The company has no financial or other interests in firms offering certification or consultancy services.
- Strict risk assessments are conducted before forming any relationships impacting certification services.

## OUR COMMITMENT TO IMPARTIALITY

---

- Employees document and declare past and current relationships, with SQC Certification using this information to identify and mitigate threats to impartiality. Staff with any past relationships are not assigned to
- management system audits, with exceptions subject to a minimum 2-year gap. SQC Certification prohibits offering commissions or
- inducements for client referrals unless clearly documented and assessed for impartiality threats. Payments for referrals are meticulously documented, recorded, and traceable, ensuring transparency in the
- process. SQC Certification provides general training, avoiding specific implementation guidance for individual companies. The company
- safeguards against any links or marketing associating it with management system consultancy activities.

## Our Accreditation

**SQC Certification Services Pvt. Ltd. is an accredited body by the Internationally recognised IAF Board, United Accreditation Foundation(UAF) For**

**ISO 9001:2015, ISO 14001:2015, ISO 45001:2018,  
ISO/IEC 27001:2022**

# WHAT IS ISO CERTIFICATION ?

ISO certification is a credential that validates a business's fulfillment of requirements relating to quality process standards as defined by the International Standards Organization (ISO). The ISO is a non-governmental organization that determines specifications for products, services and systems for quality and efficiency.

There are ISO certifications in numerous industries, ranging from medical devices and energy management to social responsibility and energy

management. The purpose of ISO standards is to guarantee uniformity. Every certification has its own set of requirements and is categorized numerically.

## **ADVANTAGES OF ISO CERTIFICATION -**

- Training new workers are simpler. Problems can be found earlier,
- and solutions are strengthened. Improves consumer loyalty A
- reasonable comprehension of client needs. You have a more
- reliable view of your business Suppliers do more than just
- partner Connectivity increases. Staff members get to
- understand the company more Employee involvement is
- increased.

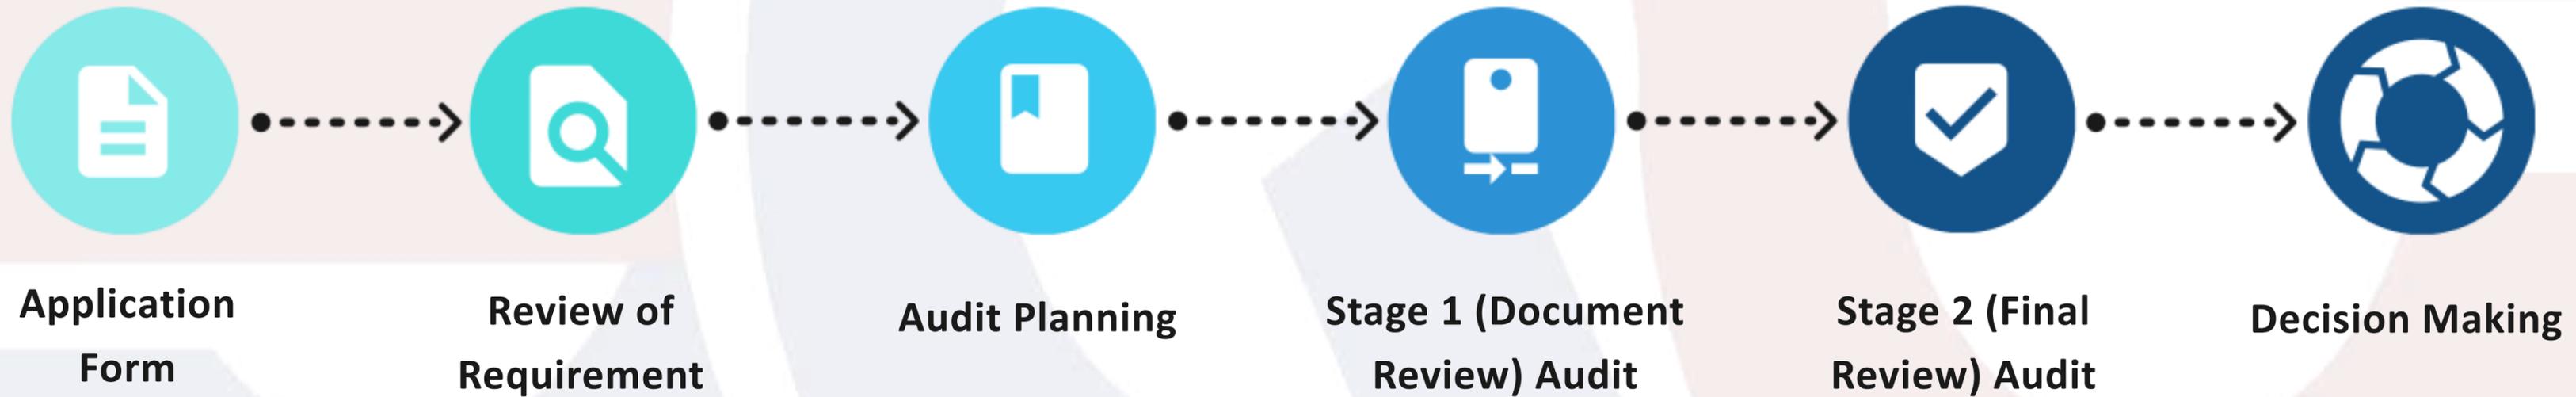

## What is the price of obtaining ISO Certification?

The fees for ISO certification depend on the scale and size of the company.
