PROFILE

Motivated and detail-oriented software developer with a strong foundation in full stack web development. Proficient in ASP.NET MVC, JavaScript, SQL Server, and other modern technologies. Skilled in building scalable and responsive web applications.

SKILLS

- **Programming Languages:** C, C++, C#, Java, SQL, HTML, CSS, JavaScript.
 - **Frameworks & Tools:** Bootstrap, AngularJS, ASP.NET, MVC.
 - **Databases:** Microsoft Access, SQL Server.
-

Projects

Library Management System – ASP.NET, C#, SQL Server, HTML, CSS

- Developed a web-based application to manage library operations like book inventory, issue/return tracking, and member registration. Implemented role-based access control and integrated full CRUD functionality with SQL Server.

Suggestion Submission Form – JavaScript, HTML, CSS

- Created an interactive web form allowing users to submit feedback/suggestions dynamically without page reloads. Included form validation and client-side scripting for a seamless user experience.

Event Management System – ASP.NET, C#, SQL Server, HTML, CSS Created an Event management system where users can create and manage events.

Estate Management System – ASP.NET, C#, SQL Server JavaScript, HTML, CSS Developed a web-based Real Estate Management System to streamline property listings, user registration, property search, and bidding functionalities.. Admins could manage listings, users, and transactions. Integrated a dynamic bidding system for properties, similar to an auction model, enabling real-time offers and status updates.

Internship Experience

Wainfo Technology Pvt. Ltd. – [Aurangabad, Maharashtra]

Intern – Web & Software Development

May 2025 – Sep 2025

- Developed and maintained ASP.NET Web Forms applications integrated with SQL Server.
 - Designed responsive front-end UIs using HTML, CSS, JavaScript, and Bootstrap.
 - Implemented CRUD operations (Create, Read, Update, Delete) with proper database connectivity.
 - Built and tested C# modules for backend logic and optimized code for better performance.
 - Assisted in creating small-scale Java-based utilities for automation and data processing.
 - Collaborated with the senior development team to troubleshoot bugs and deploy projects.
-

CERTIFICATION □ **Advance Diploma in Software Development.**□

Information Technology and Technical Education Council (ITT Council) 2025 – 85%

C Coding Competition. □

Academy OF Information Technology (AIT) 2024.

Java Coding Competition. . □

Academy OF Information Technology (AIT) 2025.

EDUCATION □ B.SC Pursuing From Dr. Babasaheb Ambedkar Marathwada University.□

□ **Higher Secondary School (Science, HSC, 12th Grade)**□

Maulana Azad College of Arts, Science and Commerce, May 2022 – 80%

□ **Secondary School (SSC, 10th Grade)**□

Aman Ullah Moti Wala High School March 2020 – 69%
