

SURAJ RAJU GHODE

Software Developer

+91 9021545471 | surajghode25@gmail.com | [linkedin](#)

Professional Summary

Results-driven Full Stack Software Developer with **1.7 years** of experience designing and delivering **SaaS-based enterprise applications** where multiple organizations use the same software platform while keeping their data completely separate and secure. Experienced in building **CRM, HRM, School ERP, Attendance & Task Management systems** and secure APK distribution platforms. Skilled in Python/Django, React.js, PostgreSQL, WebSocket's, biometric & facial-recognition integration, and cross-platform mobile app development. Adept at the full development life cycle, from backend architecture to responsive front-end UIs and production deployment, ensuring performance, security, and excellent user experience.

Professional Experience

VISUAL INFOSYSTEM PVT. LTD. — *Software Developer*

Dec 2023 – Present | Chhatrapati Sambhajnagar, Maharashtra

❖ CRM & HRM SaaS Platform (Current flagship project)

- Designed and developed a **centralized SaaS CRM & HRM platform** where each organization works independently with complete **data isolation**.
- Currently serving **15+ active client organizations** on a single software platform.
- Built database schemas and implemented backend logic in Python/Django.
- Integrated **biometric (fingerprint) & facial-recognition** modules for automated attendance.
- Developed **real-time chat & voice/video calling** features with WebSocket's.
- Created **React Native mobile apps** for administrators, employees, and marketing executives.
- Implemented role-based access control, lead management, and analytics dashboards.
- Managed deployments on IIS with SSL for development, staging, and production.

❖ School Management ERP SaaS

- Developed a **centralized school ERP** used by **20+ schools**, each with separate operational workflows and isolated data.
- Handled admissions, fee management, examinations, and staff operations.
- Optimized logic with PostgreSQL **stored procedures** and query tuning.
- Maintained 99.9% uptime with secure IIS hosting.

❖ Visual App Store (APK Distribution Platform)

- Built a secure web portal for authenticated APK upload, listing, and download.
- Implemented efficient data interactions via Django ORM and fine-grained permission checks.
- Configured IIS hosting and SSL/TLS for end-to-end encryption.

❖ Core Banking Desktop Application (Qt5)

- Designed and shipped a standalone desktop tool in C++/Qt5, complete with custom table layouts and business logic.
- Focused on responsiveness, memory optimization, and intuitive UI/UX.
- Applied multi-threading techniques to keep the interface responsive during heavy background operations.

ESPARSE MATRIX SOLUTIONS — *Software Developer Intern* Feb
2023 – May 2023 | Pune, Maharashtra

- Developed REST APIs using Django REST framework
- Implemented database solutions using Python, Django, and SQL technologies.

Education

Master of Computer Applications | July 2023

Government College of Engineering, Chhatrapati Sambhajnagar, Maharashtra

Affiliated with Dr. Babasaheb Ambedkar Marathwada University

CGPA:6.9/10

Certifications

- Django Web Framework – Coursera
- Python Programming – Naresh IT
- NASSCOM Certified Python Developer

Core Competencies

- SaaS Application Development (Multiple Clients, Data Isolation)
- RESTful API Development
- Full-Stack Architecture & Design
- Database Modeling & Optimization
- Biometric & Facial-Recognition Integration
- Real-Time Communication (Chat & Calling)
- Cross-Platform Mobile App Development
- Agile Collaboration & Mentoring
- Technical Leadership & Problem Solving

Soft Skills

- Technical Leadership
- Problem Solving
- Team Collaboration
- Time Management
- Continuous Learning
