Objective

I am an experienced software developer relocating to San Francisco in August and seeking employment with a fast-growing startup. I bring more than eight years experience writing JavaScript and more than ten years experience in the technology industry.

Experience

- **Arrowpoint software solutions**   Sep 2024 - Sep 2025
  Web development and Designing
  Assisted in website development, UI/UX design, and hosting.
  • Worked on web publishing, programming, and database management.
  • Built interactive and responsive web applications with optimized performance.
  • Diagnosed and solved complex web development issues creatively.
  • Thrived in a fast-paced environment with continuous learning opportunities.

- **Tech Horizon**   July 2024 - July 2024
  Sales development
  - Sales development is the initial stage of the sales process focused on identifying, nurturing, and qualifying potential customers to create qualified sales opportunities for a sales team.

Education
