

# Chitranshu Nagdawane,

## Flutter Developer

chitranshunagdawane@gmail.com

+91 983 3981 237

Mumbai, India

As a Product Designer & Flutter Developer, I highly value the ability to bring a client's vision to life, which is deeply rewarding. I gain immense satisfaction from seeing a project evolve from concept to design and finally into the user's hands. After completing UI designs, I transition into development using a goal-oriented methodology to ensure that every feature aligns with user needs and business objectives. I believe user-centered solutions are the most valuable assets for the digital future.

## Work experience

Jan 2025 - Present

### UI/UX Design Mentor

Mumbai, India

Trained 90+ students in UI/UX design from scratch, covering key principles and tools. Helped students secure roles in MNCs, start-ups, and design studio by enhancing their portfolios.

Feb 2023 - Dec 2024

### Founder (Freelancing Self Employed)

Mumbai, India

Completed 1.7-year training in Data Science, DL, ML, and LLMs at Board Infinity. Delivered freelance projects combining Data Science and Front-End Design.

Aug 2022 - Feb 2023

### UI/UX Designer

Mumbai, India

Enhanced UX for web, Android, and iOS, creating 8 prototypes, with one having 850+ screens. Analyzed BeReal, PhotoFamily Tree, and Mac Family Tree, improving Kintree's efficiency by 40%. Created 8 new versions of genealogical tree visuals, enhancing user experience. Optimized Android and iOS UX, improving navigation and increasing user engagement by 30%.
