Am a Software Engineer with a strong track record of developing and deploying web applications. Skilled in front-end and back-end technologies, I have contributed to user-friendly and efficient software solutions. With over 12 months of hands-on experience, I possess a deep understanding of the software development lifecycle and deliver high-quality code within tight deadlines. Committed to staying up to date with industry trends and technologies, I constantly seek opportunities to enhance my skills and contribute to innovative projects.
