

## About us

This cloud-based Human Resource Management System is designed to automate HR operations, enhance workforce management, and improve employee experience. It features a three-panel structure—Admin, Manager, and Employee—ensuring seamless role-based access and optimized workflows.

## HRMS Panels

## Our Features

- 1 Admin Panel – Manages employee data, payroll, attendance policies, and system security.
- 2 Manager Panel – Supervises team attendance, approvals, shift planning, and performance.
- 3 Employee Panel – Allows employees to check attendance, apply for leave, and view payroll details.

## Advantages

- ✓ Automates HR Operations – Reduces manual effort and increases efficiency.
- ✓ Role-Based Access Control – Provides secure and customized access for Admins, Managers, and Employees.
- ✓ Seamless Payroll Processing – Automates salary calculations, tax deductions, and payslip generation.
- ✓ Real-Time Attendance & Leave Tracking – GPS, biometric, and online tracking ensure accuracy.
- ✓ Customizable & Scalable – Adaptable for small businesses, startups, and large enterprises.
- ✓ Secure Cloud-Based Storage – Ensures encrypted data protection and easy access from anywhere.
- ✓ Faster Approvals & Notifications – Quick request approvals for a smoother workflow.

- 1 Employee Management – Add, update, and organize employee details, roles, and departments.
- 2 Attendance & Leave – Track attendance, approve leave requests, and configure policies.
- 3 Payroll Processing – Automate salary calculations, tax deductions, and payslip generation.
- 4 Shift Scheduling – Manage employee work shifts and automate scheduling.
- 5 Performance Tracking – Monitor employee performance, set goals, and provide feedback.
- 6 Compliance & Security – Ensure labor law compliance and secure role-based access.
- 7 Self-Service Portal – Employees can access payslips, leave balances, and HR requests.
- 8 Reports & Analytics – Generate HR insights, payroll reports, and workforce analytics.

## Benefits

- ✓ For Businesses: Saves time and cost, ensures compliance, and optimizes HR management.
- ✓ For HR Teams & Managers: Reduces paperwork, automates approvals, and provides detailed analytics for better decision-making.
- ✓ For Employees: Offers self-service access to attendance, payroll, leave, and work schedules, improving transparency and work-life balance.
