PROFILE

- I am currently pursuing my [MCA]Master of Computer Application and a passion for software development, I am eager to contribute to your team and further develop my skills in Java programming.
- During my academic studies, I gained a solid foundation in Java programming through coursework, projects.
- I have hands-on experience with Java, Jdbc, Servlet, Jsp, Spring Framework, Web Mvc, RESTFull Servies, Spring Boot, linux, Mysql, Oracle SQL ,plsql and UI Technologies [HTML,CSS,JS].

EXPERIENCE

Fresher

Academic Projects

Agriculture Shop Website | Personal Project
January 2024 - May 2024

- Developed a full-stack website using Java,Jsp and Oracle database and Apache Tomcat Server.
- Integrated user authentication, product catalog, and shopping cart features.
- Designed and implemented the front-end using HTML, CSS, and JavaScript.

PROJECTS

Project 1

DS instutite (Mini Project)

- In a DS institute mini project for a library, the team leader oversees, developers code the system, designers create the user interface.
- It ensure functionality, documentation specialists record processes, and researchers gather library.

Project 2

RR Shopping Mall (Mega Project)

3 Month

- At RR Shopping Mall, we redefine the shopping experience, offering a blend of convenience, luxury, and unparalleled variety all under one roof.

Roles responsibility in project

- Frontend was totally designed using HTML,CSS and JavaScript.
- Database ,I use Oracle Database software to create database and objects and Jdbc to Connect with Java Web Application.
- For Backend I used Java Server Pages(Jsp) to create an responsive website with data Storage.

MY LIFE PHILOSOPHY

"Be kind, stay humble, and keep growing every day."

STRENGTHS

Hard-working solution-oriented
problem-solving skills
